Teacher Answer Key

Case Study

1. Local tribes see it as an artificial division imposed by outside powers, and governments disagree on its validity.

2. Deep cultural and family ties often lead to cross-border activities, making strict enforcement difficult.

Multiple Choice

1. A

2. C

3. B

Matching

1-C, 2-A, 3-B, 4-E, 5-D

Fill-in-the-Blank

1) frontier, 2) colonialism, 3) cross-border community

Short Answer (Sample Responses)

Q1: Colonial boundaries were often drawn arbitrarily, splitting ethnic groups and ignoring geography.

Q2: Strict border controls can limit the free flow of goods; open or favorable policies can enhance trade.

Q3: More monitoring could make a boundary as closely watched as the Korean DMZ, which the reading calls heavily surveilled. That would tighten checkpoints, but it would also make daily life harder for border residents who cross for work, family, or cultural events.
