Teacher Answer Key

Case Study

1. Police handed out reflective stickers, schools taught students to cross streets safely, and communities mapped out safer trick-or-treat routes. Together those efforts brought the number of Halloween-night accidents down.

2. The Teal Pumpkin Project helps kids with food allergies participate in Halloween safely by offering non-food treats instead, so they feel included without fear of a reaction.

Multiple Choice

1. C

2. B

3. D

Matching

1-D, 2-A, 3-E, 4-B, 5-C

Fill-in-the-Blank

1) Flame-resistant, 2) Teal, 3) Flashlights

Short Answer (Sample Responses)

Q1: Because more children are outside at night, increasing the risk of pedestrian accidents.

Q2: By checking candy, limiting portions, and providing allergy-safe options.

Q3: To ensure all children can safely participate and feel included in the celebration.
