Teacher Answer Key

Case Study

1. Scarcity of farmland and water in Darfur worsened existing ethnic and political tensions.

2. Politics, ethnicity, and environment combined to escalate violence into a humanitarian crisis.

Multiple Choice

1. C

2. B

3. D

Matching

1-E, 2-C, 3-D, 4-A, 5-B

Fill-in-the-Blank

1) Darfur, 2) glaciers, 3) cooperation

Short Answer (Sample Responses)

Q1: Climate change alters rainfall, melts glaciers, and worsens droughts, reducing resources.

Q2: People leave areas with no farmland or water, seeking survival elsewhere.

Q3: Solutions include treaties, desalination, drought-resistant crops, and conservation.
